

Don Raffo comes internationally

The first booklet for the first season "full broadside", from the Don Raffo season trilogy, starts with a first print run of six million copies. The booklet format will be A4, with approx. 40 pages in colour and will be published at the end of 2020 in all German and English speaking countries as well as "Big" in Japan. We are starting Don Raffo's new, somewhat unusual media campaign in the last three months of this year. The really very expressive "heroes" drawn in high-quality Marvel style shape an entirely new form, the first "reality comic". The reality comic guarantees the experience of a captivating, lively, humorous and very attractive genre. This applies to the German-speaking and international, comic scene. The levels of action for almost all events with Don Raffo and his "heroes" are the typical German prisons. The strange, exciting and very often bizarre and humorous stories about Don Raffo and his very sympathetic "cool gangsters" that take place there are simply refreshingly new and fascinating. They are based on real experiences of the author, (King George, the kitchen boss).
